Work Experience

Independent Developer

Project Experience

Developed various small-scale projects utilizing modern web technologies and programming languages.

- Built responsive websites using HTML, CSS, JavaScript
- Developed small web apps to practice React.js and Node.js
- Implemented basic real-time features using Socket.io
- Used MongoDB for storing and managing data in projects

Education

Class 9 – General Studies (2026)

Sachdeva Public School, Rohini, Delhi

- Honor Roll Student
- Active Member – Technology Club

Career Objective

Passionate 9th-grade student exploring web development and programming. Actively building projects to strengthen frontend skills and gradually moving toward full-stack development.

Skills

Frontend

- HTML, CSS, JavaScript
- React.js, Next.js (used in projects)

Backend

- Node.js, Express.js
- REST APIs, basic real-time features (Socket.io)

Database

- MongoDB (CRUD operations, schema design)

- Programming
- Python (project-based usage, NumPy, Pandas)

Tools

- Git, GitHub, VS Code
- Blender, Canva, OpenShot, VSDC
